Provides a quantified outcome with detailed recommendations against a contemporary best practice specification (including the requirements of ISO 45001:2018) over and above current OHSMS standard requirements. Allows benchmarking of multi sites across business.

Who is the audit for?

Multi-site Organizations within any sector who:

- a. require a status assessment of their current OHSMS against best practice
- b. require a structured route toward best practice status.

Why is the audit right for your organization?

- External recognition of OHSMS to best practice standards
- Demonstration to stakeholders and other interested parties (including regulatory bodies) of commitment toward health and safety
- Structured route toward continual improvement and best practice standards

Prerequisites

Over 20 sites/locations within scope of audit.

The audit at a glance

- Five best practice indicators
- Five sections
- Fifty-nine (59) elements

How does it work?

- On-site review of relevant documentation
- Interviews/discussions with relevant stakeholders (including top management)
- Operational sampling

What your organization will get from the audit

- Detailed report
- Detailed recommendations and action planning

- Quantified outcome in all 59 elements
- Benchmarking across different aspects of the specification
- Eligibility for Sword of Honour (if five-star achievers)
- Certification of achievement
